Seeking an opportunity in a reputed organization which provides opportunities for professional growth and knowledge, and to utilize the experience acquired in becoming a valuable team member.

TRAINING

Pursuing **Java Enterprise Application** development course in **X-WorkZ** institute.

TECHNICAL SKILLS

- Programming Languages : Core Java
- Web Technologies : HTML,CSS
- Tools : IDE, Eclipse, Git Hub

TECHNICAL SUMMARY

JAVA :Understanding of classes, Objects and Methods.

:Understanding of OOPS Principles (Abstraction, Inheritance, Polymorphism and Encapsulation).

:Good in constructors, Method Overloading and Method Overriding.

:Understanding of CURD operation in DAO and server side validation.

:Comfortable in Type Casting, String Operations, Arrays and Object Class.

:Knowledge of Exception Handling, Memory management and Wrapper Class.

EDUCATION

- ❖ Completed BE in Electronics and Communication Engineering, VTU from Tontadarya College Of Engineering, Gadag, 2021 with 8.06 CGPA.
- ❖ Completed PU-PCBM stream in 2017 from Shivanand PU College, Gadag with 75%
- ❖ Completed 10th in 2015 from G.G.H.S School, Hulakoti with 83.04%

PROJECTS

- **IOT Based Smart Agricultural Monitoring System Project Using Arduino**

Agriculture is an integral part of Indian economy. Over 60% of Indian population based upon agriculture and one third of income of nation arises from agricultural practices. Agriculture can be made smart using IOT and other technologies. Smart agriculture increases crop yield. Decreases water wastages and imbalanced use of fertilizers. The highlighting feature of this project is that it measures the different agricultural parameters of affecting the yield. We done the project planning and making the block diagram. Designed the circuit as per the diagram.

PERSONAL PROFILE

Father's Name : Virupanna I. P.
Date of Birth : 14-10-1999
Gender : Female
Languages known : English, Kannada
Nationality : Indian

Place: GADAG
